## About us

**eFlux** is a company formed to consolidate ICT consulting efforts to deliver Innovative, Quality solutions at the Right Time. eFlux is a conglomeration of diverse IT companies in different parts of the world, experienced in various domains, specialized to deliver Consultancy services in leading edge technologies. eFlux also provides corporate training to major industries in various ICT skills to empower staff and transform businesses in principle.

Successfully competing in today's business world demands quality solutions that will serve your needs for today and tomorrow. eFlux is a progressive company dedicated to mastering the latest trends in Information Technology to ensure that your needs -- for today and tomorrow -- will be met. eFlux believes in Business-Friendly solutions that are crucial to the success of any Enterprise, which will eventually increase productivity.

Rapid changes in Information Technology makes it increasingly difficult for businesses to keep pace and select the right system for a competitive-edge. Its an objective of eFlux to design future proof solutions to achieve maximum return on clients investment.

eFlux consultants are proud to serve leading corporations such as Metropolitan, Eskom, Coca Cola, Allergan, Bristol-Myers Sqibb, Armstrong Worldwide Industries, CSC, and our overseas allies worked for Anheuser-Busch Citicorp, MasterCard, The Saint Louis Art Museum, Monsanto, Southwestern Bell Telephone, McDonnell Douglas, ChryslerCorporation, Ford Motors, General Motors, Blue cross Blue Shield and Mallinckrodt.

eFlux is committed to our clients' business success. eFlux orchestrates its client's success by adopting internationally proven practices to create advanced systems. Eflux endeavors to make your business future proof. eFlux resources are trained to ensure that the IT systems they build specifically are designed to help our clients achieve their goals.

**eFlux** provides and supports IT projects from the initial requirement phase to the final implementation process. eFlux consultants are extensively experienced in Banking, Health care, Insurance, Transportation, Consumer Products, Utilities and Manufacturing Industries.

## What drives us?

TIME is the most biggest and precious asset to any business. Our consultants endeavor to return this asset on Clients Investment by creating business friendly solutions delivered on time.

At **eFlux**, we take ownership of your problem to offer cutting-edge ICT consulting services with a view to show maximum RETURN ON CONSULTING.

# People

Group of talented people experienced in various domains of ICT joined hands together to give Time-Effective and Cost-Effective solutions to the businesses.

The idea behind formation of eFlux is to create a world of quality and enthusiastic consultants. eFlux enterprises to build a FRAMEWORK for ICT consultants to work together for a common goal.

Our vision of valuing time makes our resources align themselves to the idea of creating quality solutions in short time.

# Our Services

eFlux consultants help our clients' design, deploy, and manage their ERP implementation. They have the skills and proficiency to help our clients maximize their resource utilization and offer consulting in business process analysis, business process re-engineering, information system strategies, hardware requirement analysis, applications consulting and training.

eFlux offers consulting services, to multinationals and Public Sector organizations from highly talented pool of manpower.

As the only temporary and direct-hire consulting company having alliances with world class Software Development Centers in US, India (eFlux and its associate companies, together employ software professionals all across).

eFlux consultants have deployed SAP, PeopleSoft, Oracle and other ERP in various vertical markets such as banking, financial services, and manufacturing. Our consultants are skilled and proficient on all aspects of ERP systems including financials, human resource management systems (HRMS), manufacturing, and business intelligence.

eFlux can improve the competitive-edge of clients through a set of consulting practices that result in knowledge-intensive business solutions with appropriate manpower, which is a major Information technology component. eFlux follows a rigid Professional Consulting Process to achieve this goal.

eFlux provides the highest quality of professionals available in the consulting Industry. The key to our success is our system of working closely in partnership with clients to create a flexible staffing plan that augments their core staff with the best experts available on an as-needed basis. Extremely responsive to our clients' requirements, we attach top priority to providing a 48-hour turnaround to fulfill the clients' need. The solutions that eFlux proposes are also extremely cost effective and TIME effective: we offer the best rates in the industry. The excellent track record of eFlux professionals' Reliability, Dependability, and Loyalty has been outstanding.
